1. GENERAL INFORMATION

Interpretation, Application, Disclaimer, and other Important Information

These Guidelines are for the information and convenience of Applicants (as defined in section 3.1) to the Canada Media Fund (CMF). They provide an overview of the objectives of the CMF, the manner in which the CMF is administered, and information on typical administrative practices of the CMF. Compliance with these Guidelines is a prerequisite to eligibility for any CMF funding.

The CMF has full discretion in the administration of its programs and in the application of these Guidelines to ensure funding is provided to those projects that contribute to the fulfillment of its mandate. In all questions of interpretation of these Guidelines CMF the interpretation shall prevail.

All Applicants and broadcasters (where relevant) must abide by the Accounting and Reporting Requirements (ARR) of the CMF and follow applicable business policies as created and amended from time to time. Business policies, including the ARR, may be found in Appendix B of these Guidelines and are also available from the CMF website at www.cmf-fmc.ca. Information included in Appendices A and B is an integral part of these Guidelines.

Projects that receive CMF funding in a given year are subject to the Guidelines and CMF policies in effect for that fiscal year. To be clear, changes to CMF Guidelines and/or policies made in a subsequent fiscal year will not apply retroactively, unless specifically stated. The CMF fiscal year is April 1 to March 31.

Please note: These Guidelines may be changed or modified as required, without notice. Please consult the CMF website at www.cmf-fmc.ca for the latest Guideline news and documentation.

Provision of Documentation

It is the responsibility of the Applicant to ensure that the CMF receives all relevant documentation, and to update such documentation and information after a material change. The CMF may request other documentation and information to conduct an assessment and evaluation of the project and, once assessed, to complete CMF file reviews. For the purposes of project assessment and evaluation, the CMF reserves the right to rely solely on the written and audiovisual materials initially submitted by the Applicant.

Failure to Comply

If an Applicant fails to comply with these Guidelines, as determined by the CMF, then the CMF may refuse the application, revoke the eligibility status of the Applicant's project and may demand repayment of any sums paid to the Applicant.

Misrepresentation

If, at any time, an Applicant, as required by the Guidelines or as requested by the CMF, provides false information or omits material information in connection with an application, the Applicant may suffer serious consequences. These may include, among other outcomes:

- Loss of eligibility for funding of the current project;
- Loss of eligibility for funding of future productions;
- Repayment of any funds already advanced, with interest;
- Criminal prosecution, in the case of fraud.

These measures may be imposed not only on the Applicant but also on related, associated and affiliated companies and individuals (as determined by the CMF at its sole discretion). Any Applicant receiving approval for funding will be required to sign a legally enforceable agreement, which includes further provisions concerning misrepresentations, defaults, and related matters.

2. HOW THE EARLY-STAGE DEVELOPMENT PROGRAM WORKS

HOW TO READ THESE GUIDELINES

Projects in the Convergent Stream may involve both a Television Component and one or more Digital Media Components. The eligibility and technical requirements for these two Components may be very different. In these Guidelines, sections dealing with requirements for the Television Component use “.TV” in their section number, and sections dealing with requirements for the Digital Media Component use “.DM”. Sections dealing with requirements for the entire convergent project – i.e. the Television Component and, where applicable, the Digital Media Component – simply use a section number without “.TV” or “.DM”.

2.1 INTRODUCTION

The Early-Stage Development Program, which forms part of the CMF’s Convergent Stream is exclusively for Writers that meet the Eligible Applicant criteria (defined in section 3.1) and allocates funding to Eligible Projects (defined in section 3.2 below) at the beginning of a Project’s creative process.

The Early-Stage Development Program funds Eligible Projects through a selective process in which projects are assessed according to an evaluation criteria (see section 2.4). Eligible Projects may receive funds subject to per-project Maximum Contribution amounts (see section 2.3.1) and other specified limitations.

Eligible Projects in this Program must be meant to be produced in the language applied for and Eligible Costs must be in accordance with section 2.3.2 below.

For clarity, only an eligible English- or French-language Television Component (defined in section 3.2.TV below) will be considered an Eligible Project in the Early-Stage Development Program.

Eligible Applicants may apply to the Program with a maximum of one Eligible Project. Applicants are ineligible to this Program in 2021-2022 if they meet either of the following conditions:

- Applicants received funding from the Early-Stage Development Program in 2020-2021; or
- Applicants received funding for a Project from the Early-Stage Development Program in 2019-2020 **and** have not submitted all of the required materials and documentation necessary to fulfill their Project’s final cost milestone noted in their funding agreement with the CMF.

2.3 AMOUNT OF FUNDING CONTRIBUTION

2.3.1 CMF Contribution

The CMF may contribute financially to an Eligible Project at the level requested by the Applicant up to a Maximum Contribution of \$40,000.

2.3.1.1 Combining Funds

Eligible Projects submitted in the Program must be new projects that have not received any previous CMF funding.

Projects that receive funding through this Program, however, may subsequently be submitted to CMF Development and Production Programs. It is important to note that any funding a Project receives through this Program in addition to funding available through other CMF Programs will be integrated into that Project's development and/or production budget and financial structure.

2.3.2 Eligible Costs

In this Program, only Canadian costs are Eligible Costs. Costs incurred before the 2021-2022 CMF fiscal year will not be considered Eligible Costs. Funding received through this Program should focus primarily on the creation of early-stage creative materials.

It is important for Applicants to note that the CMF will not accept a revision to the evaluated elements of a Project once it is submitted that would affect its evaluation.

Projects will be evaluated by the jury based on the following criteria:

- Originality and creativity of the following:
 - Premise

3.2 ELIGIBLE PROJECTS

An Eligible Project in this Program is an English- or French-language TV Component that meets all applicable section 3.2 criteria and subsections. The CMF recognizes that projects at the early development stage are necessarily nascent, evolving works that may not strictly comply at application with all requirements of section 3.2 and its subsections. As such, TV Components must be reasonably intended to comply with the three Essential Requirements (see section 3.2.TV.1), as appropriate to each category of production and programming genre, as set out in [Appendix A](#), plus all other requirements of sections 3.2.TV.1 through 3.2.TV.4.

Eligibility for funding in this Program does not guarantee Applicant or Project eligibility for further CMF development funding or CMF production funding.

Please note, returning series are not eligible for this Program.

3.2.TV The Television Component

A Television Component of an Eligible Project must be linear audiovisual content that meets the following requirements (that are further explained in this section):

- the CMF’s Essential Requirements;
- the CMF’s Genre requirements (as set out in [Appendix A](#));
- ownership and control requirements; and
- miscellaneous requirements.

The Television Component of an Eligible Project must be developed as a Canadian production or intended as an audiovisual treaty coproduction. A Canadian writer must be involved in all stages of development. For Television Components meant for Canadian audiovisual treaty coproductions, the active creative contribution of a Canadian writer is required.

The Applicant must have acquired all rights and options to the Television Component, exclusive for at least 24 months, which are necessary for the adaptation of the original work or concept, the scriptwriting, the production and worldwide distribution (with appropriate case-by-case exceptions for a purchased format).

3.2.TV.1 Essential Requirements

A production must meet the Essential Requirements listed here. For a series, the Essential Requirements apply to every episode of the cycle, even if all episodes are not submitted for CMF funding. The CMF solely decides whether or not a project meets the Essential Requirements and its interpretation shall prevail.

- 1) The TV Component will be certified by the Canadian Audio-Visual Certification Office (CAVCO) and has achieved 10/10 points (or the maximum number of points appropriate), as determined by the CMF using the CAVCO scale.
- 2) Underlying rights are owned, and significantly and meaningfully developed, by Canadians.
- 3) The TV Component is shot and set primarily in Canada.

Further details on these Essential Requirements and permissible genre-specific exceptions are in [Appendix A](#) of these Guidelines. This Appendix includes other important information and is an integral part of these Guidelines.

3.2.TV.1.1 Audiovisual Treaty Coproductions

With respect to the CMF eligibility of audiovisual treaty coproductions, these Essential Requirements shall be interpreted so as to treat the coproduction partner as “Canadian.”

Accordingly, the term “Canadians” in Essential Requirement 2, and the term “Canada” in Essential Requirement 3 include the coproduction country. The 10/10 points referenced in Essential Requirement 1 must be attained by citizens of Canada or the coproducing country.

The CMF recognizes that projects at the development stage are necessarily nascent, evolving works that may be unable to strictly comply at application with all of the requirements of Section 3.2.TV.1. As such, TV Components must be reasonably intended to comply with the Essential Requirements, as appropriate to each category of production and programming genre, as set out in [Appendix A](#), plus all other eligibility requirements that may be applicable to development and, in the CMF’s discretion, comply with the spirit and intent of the Guidelines.

For information on audiovisual treaty coproduction between Canada and other territories, please see [Telefilm Canada’s treaty coproduction guidelines](#).

3.2.TV.2 Genres of Programming

The CMF supports the following genres: drama, documentary, children’s and youth programming, and variety and performing arts. The CMF defines each in [Appendix A](#) of these Guidelines.

The following is a non-exhaustive list of genres and programming formats that are not eligible to apply to the CMF: sponsored productions, sports, news, game shows, current affairs, public affairs, lifestyle productions, “how-to” productions, reality television, instructional television, infomercials, music videos, formal or curriculum-based educational programs, foreign format buys without significant Canadian adaptation and creative contribution, magazine productions, talk shows, “talkshows culturels,” award shows, galas, reporting and current events, religious programs, fundraising productions, benefits, tributes, promotional productions, pep rallies, travelogues and interstitials.

Note: Some flexibility exists for children’s and youth programming. See [Appendix A](#) for more information.

3.2.TV.3 Canadian Ownership and Control

The Television Component must meet these criteria:

- a) It is under Canadian ownership and Canadian executive and creative control.
- b) It is under the financial control of Canadian citizens or permanent residents.
- c) The Applicant owns all rights (including copyright) and options necessary for the development, production and its distribution in Canada and abroad (with appropriate case-by-case exceptions for a purchased format), and retains an ongoing financial interest in the TV Component.

Note: The interpretation of these criteria shall allow Canadian audiovisual treaty coproductions to access the CMF.

3.2.TV.4 Miscellaneous Requirements

The Television Component must meet these criteria:

- a) It conforms to the Canadian Association of Broadcasters' (CAB) Code of Ethics and to all programming standards endorsed by the Canadian Radio-television and Telecommunications Commission (CRTC), including the CAB Violence Code and the CAB Equitable Portrayal Code.
- b) It is a new production. A new production is one which is not substantially a repackaged version of a previously-produced production. For a series, the CMF will consider the entire cycle to determine if the TV Component is a repackaging (e.g. some "best of," "making-of" and/or "catch-up" episodes may be permitted). Television Components comprised mainly of stock footage may be new productions provided the footage is not merely repackaged in whole or large segments for the TV Component.
- c) When working with First Nations, Métis and Inuit communities, cultures, concepts and stories, the CMF encourages all Applicants to respect the guiding principles and best practices set out in the [On-Screen Protocols & Pathways Media Production Guide](#).
